

## Saint Ignatius College Geelong is delighted to present the 2019 Time & Space Evenings for Mothers or Mentors.

These innovative single evening programs are part of some special transition events that we offer our Year 7 and 8 students and they are happening here in our school community in April and May.

The programs have a whole range of memorable moments that include carefully guided interactions with other mothers and students. Mothers will emerge from the night reassured and impressed by the way our students are able to speak up and share insights about their lives. And be assured that the night is fun too... full of activities and conversations that will make us smile as well.

### Time & Space for 'Mothers and Sons'

It is a big thing when our boys move through their times of transition. Their teenage years accelerate quickly as their ride on the adolescent rollercoaster continues. He is growing up and the opportunity to reflect on the joys and challenges of this time in yours and his life, is one not to be missed. This is a great night for seeing how you handle the 'letting go' process as they start to forge some independence, and for the boys as they witness their mothers discussing what it means to them to be a mum or mentor.

### Time & Space for 'Mothers and Daughters'

The bond between a girl and her mother is just so vital. In her journey through the teenage years, a girl's mother shows the way. Her journey towards being a young woman is nurtured by that guidance. This is a great night for both mothers and daughters. Sharing important memories and discussing how the next few years will go is an opportunity not to be missed. This is a great night for seeing how you handle the 'letting go' process as they start to forge some more independence.

**Year 8 Mothers and Daughters Evening**

If you have any other enquiries, please call Reception on (03) 5251 1136.

Location: St Thomas Church, Peninsula Drive, Drysdale - 6.45pm for a 7.00pm Start (finish by 9.15pm)

We know that families come in all shapes and sizes and not all mothers can attend an evening such as this. A female mentor such as a grandmother, aunt or family friend is welcome to attend.

We are bringing Bill Jennings to our school to facilitate this unique experience for you. Bill is the creator and founder of 'Time & Space' ([www.time-space.com.au](http://www.time-space.com.au)), a service he has developed to give people just that - 'time and space' for parents and their children to share important moments together within a school community setting.
