This rare opportunity will stay with you forever.

It is a big thing when our children move through their times of transition. Their teenage years accelerate quickly as their ride on the adolescent rollercoaster continues. They are growing up and the opportunity to reflect on the joys and challenges of this time in your lives, is one not to be missed.

Testimonials - What the dads and mentors say

"Great opportunity to get both father and son thinking about how they can communicate better."

Brett C. (Iona College, Brisbane)

"Was great to hear other girls be honest about how they felt at this age."

Paul S. (OLMC, Heidelberg)

"Great chance to focus specifically and take the time for this one on one moment without the distractions of life."

We are bringing Bill Jennings...

to our school to facilitate this unique experience

for you. Bill is the creator and founder of 'Time & Space' (www.time-space.com.au), a service he has developed to give people just that - 'time and space' for parents and their children to share important moments together in a school community setting. This session provides opportunities that include carefully guided interactions with other dads and their children.

Fathers will emerge from the night reassured and impressed by the way our students are able to speak up and share insights about their life.

Be assured that the night is fun too... full of activities and conversations that will make us smile as well.

This helps with our activity planning for the session. This session is exclusive to Year 8.

If you have any other enquiries, please contact Elana Cole - Companions Coordinator at colee@ignatius.vic.edu.au

We know that families come in all shapes and sizes and not all fathers can attend an evening such as this. A male mentor such as a grandfather, uncle or family friend is welcome to attend.
